Everybody Help To Make Empire Day A Success

THE FAIRIE PLAY A SPLENDID SUCCESS

The fairie play, "Snow White and the Seven Dwarfs," played Tuesday night by the 1st Coy. of the Girl Guides of Strathmore, under the very efficient leadership of Mrs. Douglas French, furnished an evening of unique and sustained interest.

The various characters entered keenly into the spirit of their respective roles, making the play a living thing.

The princesses in their fairy-like garb and graceful movements, were pretty.

Especially good was the queen, remarkably so for an amateur.

Also worthy of very special mention was the God-mother, who performed her unenviable part in a very realistic fashion.

Prince Charming quite looked as well as acted the part, and his sweet voice was much noted in the songs.

Herboid, the gentle, too gentle to carry out the cruel bidding of the queen.

The page was very realistic and true.

"Snow White" looked and acted well the part of the lovable princess.

The High Court Chamberlain was very good indeed, in both voice and manner, and his little "false steps" etc., proved food for rich mirth.

The Dwarfs carried into the spirit of their part very keenly. They were well light perfect, and the mirth of their portrayal was contagious.

The Brownies part in the program was very interesting too. The merriment in which they bandaged the wounded arm was clever.

What one was conscious of throughout, was the very great amount of time, interest and patience given by Mrs. French, before so well trained a group of actors could perform a play so creditably.

The Girls Orchestra delighted the audience with their well-rehearsed music.

Mrs. Hittle acted as pianist for the music of the play.

Mrs. French was presented by the Guides and Brownies with a very pretty basket of exhortations and tidbits, as a mark of appreciation.

The following Gals were the cast:

Queen, Gladys Froese; Princess Snow, White, Ruby Gray; Prince Charming, Sally Wright; High Court Chamberlain, Florence Horrocks; Fairy Woman, Tina Glendinning; Page to Princess, Edith Martin; Page to Chamberlain, Betty French; Witch, Margaret Schuler; Males of Honor, Rosslyn, Mary Bellinger; Christened.

Geo. it is nice to be the plumber, beats Kelly the lee man all to pieces. HAROLD "TUCKER" testing the heating qualities of hot water. A very cordial welcome being extended to MR. WM. WATSON, who joined the staff which Don McLean broke up.

MILLIONS VOTED IN A FEW DAYS

Robert Gardiner, M.P. Alberta member, and chairman of the U.F.A. group, writes in the U.F.A. about the closing days of the first session of the sixth parliament at Ottawa.

Members are usually in no great hurry to transact the country's business at the beginning of a session, but when the clock spreads abroad that we should conclude the session by the end of the day, the change in speed is marvellous. Two and sometimes three of the Select Standing Committees, to whom most of the important legislation is referred, were sitting at the same time that the House was in session. This meant that a sufficient number of members had to leave the

House to form a quorum in the committees, otherwise legislation sent to these committees for investigation would have remained there and could not have been dealt with. This is why the House is in session some less certain days, the change in speed is marvellous. Two and sometimes three of the Select Standing Committees, to whom most of the important legislation is referred, were sitting at the same time that the House was in session. This meant that a sufficient number of members had to leave the

Heads Ottawa Jubilee. Hon. Herbert M. Marler, K.C., of Montreal, former member in the Mackenzie King Cabinet, has been chosen as the new chairman of the Ottawa committee for the celebration of the Jubilee of Confederation. It is understood that all celebrations in the capital will be national and not civic, and that the committees of which Mr. Marler will be the head will be selected by the government.

WEDDING—
MACLEAN—SANFORD
A quiet but interesting wedding took place in Central United Church Calgary, on May 9th, at 7 p.m., when Miss Viola Sanford, of Virden, Man., became the bride of Mr. Donald MacLean, of Okotoks.

SPORT NOTES

IS DEMPSEY THROUGH?

NEW YORK—Jack Dempsey through as a contender despite glowing accounts of his condition coming out of the West, the former champion has not been able to whip himself back into the physical shape that he lost in his last bout with Gene Tunney on Labour Day, Sept. 5. It has been pointed out to him that the Lasque coachwork will prove "easy meat" and that even if he does not weather another meeting with Tunney, his showing against the Spaniard will be such that he can sit for himself a fat purse for the Tunney fight, even if he does take a beating from the recent champion.

Close friends of the former champion, however, well aware that he isn't the Dempsey of old, are counselling him not to attempt a return to the ring. Yet the feeling persists in some quarters that he wants to try himself out once more and hear the plaudits of the crowd and that the Usonian fee is a tempting one. The Spaniard has been carefully trained along to turn a boxing fight for some one, when Jack's legs were weak. Dempsey, pulling with the latter it looks as if Jack Delany will be nominated.

BOXER BY ACCIDENT

CHICAGO—Moe Hassenbaum became a professional by a mere accident. One night he was attending a boxing show and one of the professional boys failed to show up. They asked for volunteers and the ex-farmer stepped in, was handily established himself as a crowd leader and a professional club that has twice him among the topsoilers of the 160-pound division. He has met all the good boys and has lost only to Young Stribling and Jack Delany, both within the last few months.

WON OVER HUNDRED THOUSAND

CHICAGO—Joe Erickson, one of the great operators of the "Great Chicago Whip" is the most recent to give Chicago fans a price a lot. About the middle of the week the 160-pounder gave the 160-pounder a price a lot. About the middle of the week the 160-pounder gave the 160-pounder a price a lot.

According to the story which the "Chicago Whip" carried in Chicago with some twelve days' interval, the 160-pounder was a crowd leader and a professional club that has twice him among the topsoilers of the 160-pound division. He has met all the good boys and has lost only to Young Stribling and Jack Delany, both within the last few months.

CANADA'S GREATEST RIVAL MARKET IS BRITAIN

OTTAWA—In the year 1925, Canada produced 269,494,967 pounds of butter and 117,672,129 pounds of cheese. The production of milk in Canada in that year was 12,651,388,490 gallons, of which 3,964,937,763 gallons were consumed fresh and the remainder manufactured into various products. Dairy butter had a value of \$22,128,799; creamery butter \$62,068,097; home-made cheese \$96,973; factory cheese \$36,571,656; miscellaneous factory products \$16,882,747; and milk consumed fresh \$92,383,048. In all, the dairy productions of Canada in 1925, had a value of \$421,669,320, as compared with \$217,974,892 in the previous year, an increase for the twelve months of \$23,094,428.

To this aggregate the provinces contributed in order as follows:—Ontario \$95,115,466; Quebec \$74,827,735; Saskatchewan \$19,187,864; Alberta \$15,424,324; Nova Scotia \$10,126,785; Manitoba \$9,424,851; New Brunswick

\$7,663,174; British Columbia \$5,703,436 and Prince Edward Island \$3,595,909. The provinces of Ontario and Quebec continue to produce the bulk of the Dominion's butter and cheese, though it is interesting to note that whereas the two combined in 1909 produced 83 per cent of Canada's butter and 77 per cent of its cheese in 1925 they accounted for less than 58 per cent of the Dominion's butter while more than maintaining their cheese proportion with 96 per cent.

From Importers to Exporters
This change has come about through the advancement made by Western Canada, and more particularly the Prairie Provinces, in butter production. As recently as 1915, these provinces were importing butter for their own consumption; to-day they are substantial exporters to many countries of the world. In 1915 Western Canada produced 18,339,427 pounds of butter, and in 1925, 92,527,236, an increase for the

What do you get for the price you pay?

value is not a matter of price alone. It is in the things you get for the price you pay. Chevrolet is low in price—but not at the expense of quality. The reason is simple—because it is not cheaply built. It is superbly made because it gives more of the things you want for less money.

First and always, quality counts with Chevrolet. There is quality in the distinctive feline face, in the smooth, powerful performance of the engine, in the quiet, roomy interior. There is quality in the elegant, rakish lines, such as air cleaner, hood, grill, and straker, in the luxury of the appointments and

in the fine, three-tiered trimmings.

The Most Beautiful Chevrolet in Chevrolet history now has the most beautiful interior in Chevrolet history. The interior of the Chevrolet you've been sold in Canada.

TO MEMBERS OF THE WHEAT POOL:

Once each year Wheat Pool members are called to choose the men they want to administer the affairs of the Pool for the coming year. To successfully direct a business of this magnitude requires that men of outstanding merit be selected. They must be chosen by the Pool members themselves. It is your job. It is both a privilege and a duty. Don't neglect it! The system of electing Delegates was changed at our last Annual Meeting. Instead of sending each member a ballot card we are now required to send him a Nominating Paper. You will find this on the back page of the membership list. Full instructions for using it will be found on the inside front cover and on the back page. Note that the nomination of any member must be signed by ten members and the Nominer must sign in place provided on the Nominating Paper. All nominations must be returned to Head Office not later than Wednesday, June 15th next.

The first thing is to see that the member you want as your Delegate is duly nominated, then get your Nominating Paper into Head Office before June 15th, then wait for your ballot paper about the first of July. When it reaches you, use it promptly, being careful to follow the instructions which will accompany it.

DID YOU EVER STOP TO THINK?

By Edson R. White, Shawnee, Oklahoma

THAT some shopkeepers like to have some of their thinking done for them. They add help to make selections easy. THAT there is no guess-work or uncertainty about the quality of the goods sold by the stores that advertise conspicuously. THAT success is assured to the constant, consistent, truthful advertiser. THAT a satisfied customer means increased sales; advertised goods give satisfaction.

THAT sentiment in business, when properly directed, is a good thing. THAT a business with a good reputation behind it always finds its place in the world.

THAT the best way to get most business is to keep truthful advertising before the public.

THAT every business man knows that the good will of the public is the biggest asset any business can have. GOOD WILL for a business is built by Good Goods, Good Service and Good Advertising!

::LOCAL NOTINGS::

Dr. T. W. Moore has been a busy man, packing and crating furniture this week, preparatory to getting away to his new home.

"Tony" Green was in town on Wednesday, and in addition to care for produce at the Calgary Hosiery Co., has picked up a skeleton of California pose known as "Mary Pickford" placed up in Quarts only, samples of which he hopes to carry with him on his next trip.

Mrs. Alfred Speakman, of Red Deer, just got Ottawa last week in the hope of bringing back Mr. Speakman to reside at Red Deer after his fourth critical operation.

The Sports Committee of Standard have arranged a swell dance for the King's Birthday, June 3, when a beautiful silver tea service will be presented to one of the ticket holders. Each and every ticket also carries an invitation to attend Standard's Big Sports Day and Carnival, with baseball games, and Standard's now famous horse-pitching competition, which will be held on July 1st.

Rev. Bishop Ralph L. Sherman, of Calgary, will visit St. Michaels and All Angels Church on June 17, and will, on the same date, address the members of the Earl of Strathmore Chapter L.O.E.B. in the Memorial Hall. There has been but one appeal entered against the decision of the Court of Revision, viz. that of the North Farm, which will come before the Judge when he visits Strathmore in the near future. In the meantime, Councillor Quinn is spending his spare time working up the budget for 1927, which will probably be submitted at the next meeting of the council, and the mill rate struck for the year.

Dr. J. W. Giffen made a professional visit to Calgary on Sunday last, and presented Dr. and Mrs. J. W. Hopkins with a baby girl. Both mother and daughter are well.

Dr. Geo. Weber, Provincial Secretary for Alberta and British Columbia for the Lord's Day Alliance, gave a very clear presentation at the United Church on Sunday night, the objective of the Alliance, and the results obtained in securing for the people, one day rest in seven.

Frank Miller, of Coramotion, was a week end visitor, and reports business good, but he still has a soft spot in his heart for Strathmore, and wanders back again upon the slightest excuse. They all do.

Mr. and Mrs. C. A. McLean are receiving congratulations upon the birth of a son at Mrs. Mackenzie's Hospital on May 1st.

May 24th will be a big day at Kooma when they put on the big baseball tournament, which will bring together the teams of the K.I.B.A. League, Kooma, Irtreana, Belesher, and Aene. Sports provided for the children, and Calgary school will furnish the music for the big dance at night.

Carlesland Sports Day will be held on Friday, June 3rd, at 10 a.m. in the Community Hall. Two big baseball games are being arranged, midway, race, and a big dance at night, with the Varsity Boys orchestra.

If you want to see what a few dollars expended in beautifying grounds will do, take a walk up to the Marston building and view the change that has been made in fixing up the grounds, and the planting of a number of fir and poplar trees. Try it on your own grounds, and in a few years Strathmore will be the prettiest town in Alberta.

E. J. Garland, M.P., speaking at a banquet in Toronto, deplored the narrowness of many Toronto people in their attitude toward Canada's National status.

George Riedel, of Lethbridge, who was looking over the Strathmore district with the view of establishing an asylum, has placed four hundred colonies of bees in Brooks.

"Dinty" Moore and wife, after several months spent at the coast have returned to Strathmore, and have taken up residence in the home lately occupied by Ex-Mayor Bell. "Dinty" has joined the staff of White & Son.

Mrs. Frank Sinden has purchased the home of Hugh McGregor, Manager of the Crown Lumber Co., and will take possession in August. In the interval Hector will be a new home, and is now open for suggestions regarding shops, size, material, etc., and won't tell him too much as he and Mr. S. Hittle each think they know something about building.

In the Sunken Recipe Contest, Mrs. George Berry, of Strathmore, won first place, and Mrs. R. H. Morgan, first place.

LADIES AID PRESENTATION

At the meeting of the L. A. A. of the United Church, held at the home of Mrs. Brown, a special feature was arranged, which took the form of a Farewell Tea to Mrs. W. D. Fisher.

Mrs. Fisher has been a faithful and constant worker in the various activities of the church, and many were the expressions of regret at her departure.

Mrs. Fisher was presented with some very pretty personal gifts by the ladies with the assurance that they would ever remember her stay in Strathmore with kindly thoughts, and wishing her all success and happiness on her future.

EMPIRE DAY ARRANGEMENT

On Monday night the committee, in connection with the Empire Day Celebration, held at the Town Hall and formed Empire Day Association.

The following representatives were present: Mayor Shrimpton, Mr. Jos. French, Canadian Legion, Charles Keeling, Elks, Geo. H. Jones, Maxine R. Anderson, Public Schools, S. H. Crowther, Baseball, Wm. Saunders, L.O.E.B., Mrs. A. A. Moore, Women's Institute, Mrs. Dewitt.

Mr. Joseph French was appointed chairman, and Mr. S. H. Crowther secretary.

An excellent program has been arranged for Empire Day, in which the children will take part in the games and sports. Baseball matches between Strathmore Red Caps, Langdon Badgers and Premier Motors, of Calgary, a top-overs, physical training exercises, and the singing of patriotic songs; the day to close with a big dance in the Memorial Hall, with music by the Elks Orchestra.

WORK IN PENITENTIARIES

(Montreal Gazette)

An estimate of the cost of crime in the United States has been worked out by the Institute of Economics at Washington, showing that in 1923 it reached five billion dollars. The cost per capita, it is estimated, amounts to \$30 for every man, woman and child in the United States. The bill may not be so high in Canada in proportion to the population, but records disclose that it is high enough. The cost of crime in the Dominion Government of securing a conviction for commission of crime is about \$120.00. To this must be added the average cost of maintaining an inmate in the Dominion penitentiaries this amounts to \$145 per capita per diem—which, together with discharge expenses and return railway fares, makes the total average cost to the State about \$260. There are some of the facts brought out in the annual report of the Superintendent of Penitentiaries, just issued by the Minister of Justice. The costs next year may be more, for crime is not decreasing. The last report of the Dominion Bureau of Statistics on this subject indicated a "considerable increase" in the cost of crime. In 1925, as compared with the previous year, and the present report of General Hughes, which, of course, deals with the year 1926, shows that there was an increase in the number of inmates in these institutions of 128 over the year 1925. The average daily population last year was 3,296. Of these, 1,987 were serving sentences of five years and upwards; 144 of them were doing life terms; 277 were under twenty years of age, and 1,087 were between the ages of twenty and thirty years.

What do these men do in prison? Only about one-tenth of the work they might do is now furnished by the government, and, through lack of other employment, the workmen are forced to establish "stone piles." Nothing ever written regarding this industry, if such it can be called, is to General Hughes' mind, sufficiently severe, and he confesses that he never looks at the men at this work when he does so, as he could "place their responsibility, for the necessity of its existence in their places." But it is a matter of choice between illness and stone pile—two evils—the lesser of the two being the stone pile. The Superintendent declares that if sufficient work of a proper kind were furnished by the government, the Dominion penitentiaries could easily be made self-sustaining and wages credited to the inmates for their labor as well, payable on discharge or forwarded periodically to their families to assist them while the wage-earners are incarcerated. However, it is argued that such employment and pay for their labor would be some incentive to moral reformation. A great deal of misdirected propaganda against prison labor has come in the past from labor unions on the pretension that it would result in unjust competition, but a more enlightened opinion seems now to prevail. Prisoners can be employed in such forms of production as can be used by the government, though not sold to the public in competition with private enterprise. Inmate of penitentiaries, the least the government, and General Hughes maintains there is no valid reason why goods required for State use, and State use only, should not be made, insofar as is possible, in the penitentiaries.

CANADIAN NATIONAL EUROPEAN TOURS

A maximum of travel through particularly interesting countries at a minimum of expense is provided by the Canadian National Educational Tours this summer through Scotland, England, France, Belgium, Switzerland and Italy.

Two tours have been arranged and sailing will be made from Montreal, July 8, on the S.S. "Adonia," direct to Glasgow. Very careful attention has been given to itineraries involved.

Tour No. 1 is a 37-day trip en sea and land, visiting important cities in Scotland, England, France, Belgium, Switzerland. All expenses, \$172.50, Montreal to Great Britain and the Continent and return to Montreal.

Tour No. 2 is a 51-day trip on sea and land, visiting in Scotland, England, France, Belgium, Switzerland and Italy. All expenses, \$201.00, Montreal to Great Britain and the Continent and return to Montreal.

There will be low excursion fares to the seaboard from points in the Prairie Provinces.

These tours will be personally conducted from Western Canada, and while overseas will be under the direct care and supervision of thoroughly reliable and experienced organization, fully qualified in every particular to successfully look after the interests of our patrons.

The sight-seeing program is very complete and generous. Motor coaches and automobiles are freely used. All sight-seeing is well planned to save unnecessary fatigue and to visit the most worthwhile places within the time at our disposal. Competent lecturers will reveal to our patrons the outstanding features, history, legends, art and scenic of the Old World countries visited.

R. M. Wilson, local agent for the Canadian National Railways, will be glad to discuss these tours and arrange all details.

TO OUR READERS
The Standard will be glad to have the names of visitors in town and accounts of various social events for publication. Such communications should be signed and the address of the sender given. CANADIAN NATIONAL SIXTH ANNUAL TOUR TO THE COAST
In pursuance of a time-honoured practice of affording its patrons every facility and convenience tending to ward more vacation enjoyment, the Canadian National is operating its sixth annual tour confidently believe this will again prove of the greatest aid and convenience to a host of teachers, as well as to professional men and business men and women, vacationers.

The tour will commence at Winnipeg from which point a special train of modern sleeping car equipment, dining car and radio observation car, will leave July 8th. The party will be personally conducted by an efficient and experienced representative of the Canadian National.

After stopping at various points of interest, the train will arrive at Prince Rupert on July 9th. At this latter point the party will embark on a palatial steamship for a cruise of 500 miles through the famous "Inside Passage" to Vancouver. While the tour terminates at Vancouver, those who desire to make a trip to Victoria may have their tickets read "Victoria" as their destination without any additional cost.

This mode of travel has many advantages. In the first place, it is planned with a view to including in the itinerary the most interesting points, which, with the other arrangements that are made, obviates the necessity of the passenger worrying about connections, sleeping car accommodation, meals, and entertainment en route. This is all done in advance by experts, leaving the passenger free to enjoy to the full the scenery and attractions attendant to such tours.

The local agent of the Canadian National Railways will be pleased to give you full particulars of this tour.

ROCKYFORD

The ladies Aid of the Union Church were entertained at afternoon tea by Mrs. Aton and Mrs. Gillespie at the home of Mrs. Aton on Thursday of last week.

A large crowd attended the dance given at the Rockyford Hall last Wednesday night in honor of Mr. and Mrs. Albert Stitt, who were recently married. The large number of gifts received were evidence of the young couple's popularity here. Jolly Boys Orchestra, of Calgary, furnished the music for the occasion.

Mrs. Ambrose Wise entertained at a very pleasant afternoon tea on Tuesday of last week, in honor of Mrs. Boyd, and her daughter, Oma Boyd, who are visiting here. The afternoon was spent with music, and a delightful luncheon was served by the hostess. The guests included: Mrs. Boyd, Miss Oma Boyd, Mrs. Pomroy, Mrs. Tom Birt, Mrs. Poole, Mrs. Ralph Stone, Mrs. Frank Ryan, Mrs. Walter Pomroy, Mrs. S. Rouppe, Mrs. Lou Rouppe, Miss Ivarie and Miss Hilda Rouppe, Mrs. McGuire, Mrs. Mrs. Katterhagen and Mrs. Carrier, of Calgary.

Mrs. Tom Birt entertained a few ladies at afternoon tea last Wednesday, honoring Mrs. Boyd, who is here for an extended visit with her sister, Mrs. Pomroy.

Mrs. Black entertained a few ladies at afternoon tea on Friday of last week.

The ladies and gentlemen of the Rockyford Golf Club have been invited to Carbon for a tournament on May 24th.

Mr. and Mrs. August Stitt entertained with a turkey dinner last Sunday, honoring Mr. and Mrs. Albert Stitt. The guests included the relatives of the bride and groom.

The Rockyford colliers have planned a local tournament for next Sunday. The president, Mr. Simon's team, vs. vice-president Ryan's team. This should tell the tale whether or not these wonderful scores we hear about are honest-to-goodness stuff, or just a "free bit" of an exaggeration.

Mrs. Billy Walker left for Detsford on Monday of last week to join Mr. Walker, who has a position in a garage there.

Mrs. Leon Walker, of Calgary, was here for the Stitt-MacNeil wedding.

Miss Billy Wells, of Calgary, was a visitor here last week.

Mrs. W. Carrier, of Calgary, was here last week as the guest of Mrs. Katterhagen.

Miss Laura Rudd, of Calgary, was here last week visiting Mrs. J. Reish.

Mr. Andy Clark formerly of Hussar is visiting the Frank Ryan family here. Mr. Clark has disposed of his garage in Hussar to a young man from Cluny.

Miss Viola Bergen, of Wetaskinaw is here to take the place of Miss Mildred Cole in the Drug store. Miss Cole has left to make her home in Calgary.

Mr. and Mrs. Wm. Carran were renewing acquaintances in Rockyford last week.

Crop conditions in this district are excellent, about two-thirds of the wheat is now in the ground, and some of the earliest seedlings are up. Almost one and a quarter inches of rain has fallen since May 1st. This is about double the amount for the whole of May last year, and should insure the crop getting a good seed off.

All the cattle lost in the storm of April 18th, has now been accounted for.

Miss Viola Bergen is present on a visit to her uncle and aunt, Mr. and Mrs. J. J. Dahm, of Rockyford.

Mr. Walrod is to be congratulated on his tree planting campaign. A few trees will make a wonderful improvement to the appearance of the town.

ROSEBUD

On Thursday afternoon a very enjoyable tea was held at the home of Mrs. Geo. De Foe, when she entertained the Ladies Aid of the United Church. Considerable business was accomplished, followed by a social hour, after which the hostess provided a very dainty lunch. Mrs. De Foe was assisted in serving lunch by Mrs. Lees, Mrs. Halstead, and Mrs. McCallum.

Miss Elsie Kautz is in Calgary Hospital, undergoing medical treatment. We wish her a speedy recovery.

Mothers' Day service at Rosebud United Church was very interesting. There were splendid congregations both afternoon and evening in spite of the windy conditions of the month. In the afternoon sixty-five were present at Sunday School. During the evening service six boys of the Trail Ranger class were taken into the membership of the church. They were Harold Crowe, Grant De Foe, Keith McElrich, Jack McCallum, Gordon McCallum, and Ralph Summers. There was also a double christening service, when Clara Grace, the infant daughter of Mr. and Mrs. Thos. Burnett, and William Lindsay, the youngest of Mr. and Mrs. Cullum, were christened by Mr. Holstead. There was special music by the girls and boys, and a very interesting Mothers' Day sermon.

NIGHTINGALES

The Nightingale U.F.W.A. held a very interesting meeting at the hall last Thursday. The speaker for the day being Mrs. Buckley, of Glenora. Neighboring locals were invited. The members from Ardmore made a splendid attendance.

Mrs. Buckley spoke on the organization, and the need of farm women being members. She explained the travelling clinic, showing its operation and benefits. By special request Mr. Buckley spoke for a few moments on the aims of the U.F.W.A. and the good that would be accomplished by co-operation. A hearty vote of thanks was expressed. Tea was served, and all present felt they had spent a pleasant afternoon. The next meeting will be held with Mr. Armet on May 19th. Come along and boost.

Mr. Geo. Thurston and family have moved back to the farm. After all,

Recently a reception and dance was held at the Nightingale Hall, in honor of Mr. and Mrs. James Heron. Mr. and Mrs. Gelpin furnished the music, and the dance went along with the usual vim. Geo. Gladden made the presentation of many useful and beautiful gifts, along with the good wishes of those present. Mr. Heron expressed his appreciation and thanks.

Mrs. Elsie Shearer is home again after one more year's work at the University of Alberta at Edmonton.

CARSELAND

A meeting of the U.F.W.A. was held at the home of Mr. and Mrs. Bert Duffner on April 28. Part of the business dealt with was arranging the program for the year. Owing to the absence of some of the members meeting places were not definitely arranged for. It is hoped to do this at the next meeting. A delicious lunch was served by Mrs. Duffner and Mrs. F. Nash. The next meeting will be on May 28, his golf clubs and looks ambitious, good spring dish. A paper "Community Organization" will be given by Mrs. Nash.

THE CRIMINAL CODE

An amendment to the criminal code has been introduced in the House of Commons. J. S. Woodsworth which would repeal the law against "blasphemous libel" under which Sterry was recently sentenced to imprisonment. This amendment follows closely on the heels of a similar amendment introduced by George Lansbury in the British Commons. If this amendment carries at Ottawa, and it is highly doubtful in view of the recently back's attitude shown by the Tories and Liberals to proposals emanating from the Labour group. Judges Costworth's God would apparently be left without police protection. Sunday school children, who are also members of the judicial bench would then be unable to call for the cop every time somebody said something derogatory of Jehovah.

"My amendment would repeal the law against blasphemous libel," Mr. Woodsworth said when asked for an interpretation of his bill. "This is an obsolete law, and the Sterry case was the only case of which we have any record in Canada. The difficulty is that there is no definition of blasphemy, so that it has to be left to the jury. You can readily understand that some things a Protestant might say might be considered blasphemous by a Roman Catholic. Some doctrines of the Mormons might be considered blasphemous by Christians. Secularists was considered blasphemous. It really leaves anyone who has other than the ideas of the majority without protection."

MAIDEN CHOOSES R. B. OTTAWA—"I'm not a particle connected with the Conservatives should select," said Miss Macphail, member for St. Catharines, "but Mr. R. B. Bennett is my choice."

Standard Time Payments Anywhere in Canada

THE Ford National Payment Plan enables you to buy a car for the same cash and monthly payment anywhere in Canada.

A small down payment gives you delivery of any model you select. The balance is paid off in standard monthly payments which do not vary regardless of tax, license, freight and delivery charges or the addition of approved Ford accessories.

This arrangement brings car ownership within the reach of all who really desire the convenience and pleasure that only a car can bring.

It is sound business to buy your car from income rather than from savings.

The unusually attractive terms of this plan are at your command. Inquire within for further details.

"Jock" Mackenzie tells the following in the Rotokey Express: "A pair of robins have selected a queer place for a nest, in a fishing net in a local boat yard."

Surly Jock must have contracted the habit since returning to Rotokey, of mixing his drinks, to get off such a yarn.

Elmer Jenkins tells about a fellow when he first came to see his girl. He showed a timid heart. And when the lights were low, they sat this for a spell. But when this love grew warmer, they knocked out all the spaces Andstapoclosithethis.

Notice—this is to inform the public that I am carrying on the business of removing ashes and rubbish of my late husband, Miss Roane, from Illinois Daily.

Bob Anderson has tried six different tricks to tell that new story he heard in Calgary, but he never gets it more than half told till some woman comes into the shop.

Bill Tierney tells about a negro mamma at Arnprior, who had a family of well-behaved boys. One day her mistress asked: "See, how do you raise your boys so well?" "Ah raised them with a barrel stove and Ah raises 'em frequently."

Query in a Winnipeg newspaper health column is: "Can a girl do anything about an unattractive knee?" Not a thing but grow and have it.

"Do angels have wings, mummy?" "Yes, indeed." "Can they fly?" "Yes, dear." "Then when is nurse going to fly, 'cause Daddy called her an angel last night?" "Tomorrow, darling."

Three days after his beloved had left him forever the proverb writer sat him down and wrote "Absence makes the heart grow fonder." Six months later he again sat him down and wrote another proverb "Out of sight, out of mind."

Tommy began decides that: Let's who was too inquisitive. It proved a fatal fault. If she hadn't turned to rubber she'd not have turned to salt.

He rushed into the police barracks, breathless with hurry and excitement. Constable Tate in charge regarded him gravely for a minute. "They say you've caught the man who broke into my house," gasped the visitor. "That's right," answered the Constable. "Do you want to see him?" "Then (nodding) replied the other excitedly. You see, he managed to get into the house without waking my wife, and that's what I've been trying to do for the last ten years."

Terms (and Smith's new fiancé, is a terrible nagger and she don't like it. A pleasant word from one week's end to a nagger. Terms got started on career's for women. "A woman can't have career," she says. "I got a right to have a career," says she. "And I'm going to have one just as soon as I can make up my mind what I can make the biggest success of," says she. "Well," says Smith. "I'd select some word puzzles for you." "Good!" says Smith. "she is powerful different from Sophie."

A Nainthabac gentleman entered Fred Cotti's butcher shop with the object of buying steak and inquired if it was tender. "Tender, sir," said the knight of the cleaver. "It's as tender as a woman's heart." "I believe I'll have sausage then," replied the customer.

That Constable Tate accompanied by "September Morn," Bob Hamby and Bill Saunders visited Calgary on Friday and some of them were detained at the Hotel Brantley.

Jim Swanson was calling on Miss Vra Poch the other night and he says to her, "I was reading in 'The Standard' says he, 'that every kiss shortens a fellow's life just about two seconds, but then, I never had any great ambition to live to a great age.'"

A Strathmore man went to the box office after witnessing the new show. "Will you kindly retain me the amount of the amusement tax?" he said.

"Why?" asked manager Hirtle. "I wasn't amused," said the Strathmore man.

SIMPLICITY IN MAKING WILLS

The difficulties which sometimes arise in the administration of an estate are often due to the fact that the will has been drawn in an obscure and ambiguous manner.

A will, when properly drawn with the aid of competent legal counsel, is not necessarily a lengthy or complicated document.

Your desire will be carried out and your dependents better protected if you have your lawyer draw your will today, and name THIS responsible TRUST COMPANY as your Executor.

SCHOOL COLUMN

Miss Sanford and Mr. Donald McLean were married in Calgary on May 10th. The very best wishes of the community go with Mr. and Mrs. McLean to their home at Okotoks. On April 29th, the pupils of Room 5 held a party in Miss Sanford's home to the school. A presentation of all surveys was made. Some of the boys' pupils had also made a presentation a few days previously.

We wish to take this opportunity of welcoming Mr. W. Watson as a member of the staff, and also Mr. H. Morrison as the new secretary of the school district.

During the month of April 186 pupils were in attendance. Of these 77 attended every day. The average wage was \$1.54, and the average daily attendance 170.63.

There are only twenty-three days before Departmental Examinations. From now till the end of the school year, High School and grade VIII pupils should rejoice at their opportunity to a minimum.

NAMAKA

"Mothers' Day" owing to bad roads the special service had to be postponed but will be held next Sunday, May 14th. Everybody is invited to be present.

Mr. and Mrs. E. C. Wells left Tuesday for Calgary to attend the nurses' graduation class, when their daughter, Miss Violet, will receive her diploma.

DOESN'T KNOW ABOUT THE CALGARY HIGHWAY

The Quebec Roads Department built for April states that the tourist trade is almost a month ahead of last year.

In the main, this has been caused by the road, which it states, suffered very little from damage this spring.

It is quite evident that they are not in touch with the Calgary Highway upon which the Provincial Government spent thousands of dollars last year, and left a part uncompleted, and a part never touched.

The loss that is going on is a heavy one, and it is being treated absolutely with indifference, notwithstanding the splendid effort that Mr. J. C. Buckley, M.L.A., has put forth in order to get the Department to see the necessity of giving the matter prompt attention.

Many people have signed a petition viciously protesting, but the protest falls off the heads of the responsible parties like water from a duck's back.

Surely it is possible to bring some influence to bear upon the Hon. O. L. Macpherson, put him in touch with the actual condition of work that was started before he took office, and for which he now is only indirectly responsible. It is unconceivable that he wishes to allow a great portion of the investment made upon this road last year to be lost.

HOW FARM PRICES MAY BE ADJUSTED

A continuous struggle for higher prices and better products is ever going on, and George F. Watson, professor of Agricultural Economics at Cornell University, has made a statement that has the American farmer, revealed as such above-average prices, for what he had to sell as he has to pay for what he has to buy, and he would have received \$1.00 more for the bushel.

He has two suggestions to bring about an adjustment, either a reduction in wages, so that handling charges would be less, or an increase in the price he is to pay for what the farmer has to sell.

CANADIAN PACIFIC RAILWAY AUTHORIZES NEW CAPITAL

At the annual meeting in Montreal last week, E. W. Beatty, K.C., was re-elected President of that great Canadian institution, the largest privately owned railway in the world, the main portion of the capital of which is held by British and Canadian shareholders.

The wonderful success of the railway, which is so closely allied with the interests of the Canadian West, is a matter of national pride, and with the Canadians people who do not own and possibly never will own a share in the Company.

When the large list of employees, numbered tens of thousands, in Canada, together with representatives in almost every country the world over, are considered, and it is remembered that the railway has been the record of the Canadian Pacific, it surely speaks volumes for the care and diplomatic exercised by the executives in all the departments.

Mr. Beatty in referring to the ever recurring question of adjusting freight rates said:

"I must not be forgotten that the parliament of Canada has passed the Railway Act and made it applicable to all companies, but by statute provided that rates should be just and reasonable both to the carrier and to the shipper, and has set up an independent rate-making body, and this statute known as the Railway Commission. Fortunately, however, Canada now has no such independent system of determining rates between the companies and the public, the necessities of the freight and pas-

SWAT THE FLY EARLY IN SEASON

The warm weather season is fast approaching, and it would be a good idea for each and every person to be up and on the attack to destroy "the fly" early in the season. Later on everyone will be busy with swarms and fly extirminators of many kinds, when a vast amount of the work could be eliminated if the same active action was given early in the season.

Years ago typhoid fever was generally known as "Fall Fever," and even to this day this disease is usually shown a maximum between August and October, mainly attributed to those who have studied the situation to the prevalence of flies during that period.

Every fly destroyed in May and June means thousands less to be fought during the Fall season.

Swat the fly early, and in the words of the nurse-maid, what him good, said plenty.

THE ONTARIO COAL MARKET

Much has been written and said regarding the Ontario coal market recently, and meanwhile the mines and miners are idle. The Ontario public, and there never was a better opportunity for the Alberta product, is a stronger foothold than when the U. S. mines are on strike.

It may appear to be a catchword, but in taking such an advantage, the mine owners have been made, till the day of both operators and employees on the other side, of the business.

When the Alberta mines were shut down, however, the main issue to the coal market was the transportation to Ontario at a low rate, and it is a desirable condition on arrival.

Swat the fly early, and in the words of the nurse-maid, what him good, said plenty.

HELP MAKE EMPIRE DAY A SUCCESS

Empire Day, May 24th, promises to be celebrated most fittingly in Strathmore.

Chairman J. W. French has arranged his committees for completing arrangements, and the children of Strathmore and the Bow Valley will surely be well entertained, and what is much more important, be brought in touch with the sense of patriotism that will help to carry them through in the years to come.

The children of the town are very impressionable, and lessons of good citizenship may be inculcated that will never be forgotten.

If you have not yet done anything to assist the chairman and his committee, get busy and offer your suggestions and suggestions. Don't leave it to George.

INTERNATIONAL POOL CONFERENCE

In the feature address of the International Wheat Pool conference held at Kansas City, Missouri, on Thursday, May 5th, H. W. Wood, one of the dominant figures in the Wheat Pool movement in Canada, expressed himself as opposed to a world wheat pool.

"If what is meant by a world wheat pool is the merging of all co-operative wheat selling into one pool, then I am unambiguously opposed to it, because I do not believe it is practical to do so," Mr. Wood said.

The chairman of the board of directors of the Alberta Wheat Pool delivered the feature address of the conference, and gave a careful exposition of the economics of the Wheat Pool.

He explained the Canadian Pool's attitude towards international pooling by saying that everything should be done to extend the Pool system of marketing to all the wheat field is grown in the world, but on the unit plan, with each Pool unit taking the responsibility of its own work.

Then between the Pools there should be the closest kind of co-operation, especially in coordinating their selling.

Referring to the operations of the Canadian Pool, Mr. Wood said: "We have a Wheat Pool in Canada, and have over half the wheat, while the wheat growers in United States are provided by a 42-cent per bushel price, on the day I am writing this, wheat closed in Winnipeg at \$1.42, and in Chicago \$1.25. The Wheat Pool had nothing to do with the higher price in Winnipeg, but that is all it may, the situation is suggestive."

The speaker read a despatch from Glasgow, Scotland, in which Alexander Buchanan, chairman of a Baking Society, complained of the Wheat Pools of Canada holding up the price of wheat in the face of a world's surplus.

Mr. Wood said: "I presume that Mr. Buchanan as chairman of a Baking Society, thinks the baker is entitled to include all costs of production in a reasonable profit, in the price to the consumer. This, of course, is a perfectly normal attitude of mind. He also seems to forget the interests of the consumer and the fact that the usual drop in price did not occur when there happened to be a moderate increase in the visible supply of wheat. He seems to think that as a matter of course the producer would take the drop as some of a momentary loss, regardless of the cost of production or losses to the producer. While his mind seems to be perfectly normal in regard to the right relationship of prices between the producer, or baker, of bread and the consumer, his view does not extend to the producer of wheat."

WHY NOT GROW CORN THIS YEAR

(D. H. BARK)

Various industries on the Eastern Section, have already demonstrated that several varieties of corn can be grown here successfully. J. W. Bonfield, of Bow Valley, had an excellent field of Goby last year, which was saved in spite of the fact that germinates over 90 per cent in five days, and was a fair sale at the Demonstration Farm as long as the supply lasts.

The secret of success with corn in Alberta is to use Alberta grown seed and the failure to do this in the past has been responsible for the majority of the failures with corn. The last two years have been unfavorable for corn, but with normal year, corn planted about May 15th, if the proper varieties of seed are used, will give a good account of itself. There is to be a big corn show at Calgary during the coming fall which it is believed will far exceed in size the last annual corn show that was held at Medicine Hat.

Various experiments have been carried on during past several years with corn in lieu of sugarbeet and the majority of these have demonstrated that fully as good a crop can be raised following corn as following summer-fallow. It also has the added advantage of giving good returns during the summer-fallow year. A clean cultivated corn field should clean a field of wild oats more effectively than summer fallow as the irrigation of the corn, together with the frequent cultivation, is bound to sprout and kill more of the oats than the summer-fallow.

BAINTREE COMMUNITY CLUB

The regular meeting of the Baintree Community Club was held last Thursday at the home of Mrs. F. G. Waters. Although the weather was again frowned on us, for the third time in succession, there was a good turnout of members. Mrs. Henry Porteous gave a very favorable report of the proceeds from the Home Cooking Sale held in Rockyford on the 29th. The Club appreciates the patronage they received and also thank Mr. Poole for the use of his store, and all those who donated food. After various small business matters were taken up the meeting adjourned for the usual social hour and refreshments. Mrs. T. Leachman will entertain the ladies next on May 18th.
